

Education Fair Project Rubric- Grades 5-6

Fifth and sixth graders are expected to include a separate written report with the display board. Each of the individuals listed on the rubric below are asked to evaluate the student's work. Time may not allow judges to read entire reports so they may rely on the judgments of the other evaluators for this part of the project. Topics must be consistent with Christian values.

Suggested ribbon (1st, 2nd, 3rd place)			Grand Total >>>>>>>>	

Ribbons will be awarded based on total number of points and percentage of work done by student. First place requires that the student did at least 90% of the work **and** obtained at least 146 points. Second place requires that the student did at least 80% of the work **and** obtained at least 125 points. Third place requires that the student did at least 60% of the work and obtained at least 110 points. If there are wide discrepancies between the assessment of the judge and others, the decision of the judge in consultation with the teacher and/or the superintendent will be final. Parents and/or students are welcome to ask for an explanation.
