

## Education Fair Project Rubric: Grades 7-8

Seventh and eighth graders are expected to include a separate written report with the display board or project. Each of the individuals listed on the rubric below are asked to evaluate the student's work. Time may not allow judges to read entire reports so they may rely on the judgments of the other evaluators for this part of the project. Topics must be consistent with Christian values.

Code: 0=no evidence      1=below expectations      2=meets expectations

Standards	Student	Teacher
<b>Appearance of Project as a whole:</b>		
Typed double spaced		
Display board or project neat/uncluttered		
Clearly titled

**Judges Recommendations:**

---

---

**Awarded Ribbon:** \_\_\_\_\_

---

Ribbons will be awarded based on total number of points. First place requires at least 61-68 points. Second place requires at least 54-60 points. Third place requires at least 48-53 points. If there are wide discrepancies between the assessment of the judge and others, the decision of the judge in consultation with the teacher and/or the superintendent will be final. Parents and/or students are welcome to ask for an explanation.

\*Projects with a perfect score and evidence of excelling beyond expectations may be considered for an honors certificate.
