Dear Friends,

Union Springs Academy will offer career changing Certificate Programs geared towards high school graduates, working adults, people seeking career enhancement or promotions. The programs are offered in flexible innovative learning environments with low tuition and individualized instruction.

Beginning in June 2018, we will offer the pharmacy technician program on our campus. The program emphasizes a medical background as well as a working knowledge of all the elements of verifying prescription information, retrieving, counting, pouring, weighing, measuring, and mixing medications, selecting containers and preparing labels, preparing insurance claim forms and establishing and maintaining patient records.

The Certificate Program faculty and staff are accomplished, approachable and engaged, they provide a quality, best-in-class Christian education and support services through academic excellence, inspiring and engaging classrooms that fosters community outreach and engagement. Our program prepares you to take the pharmacy technician certification exam - PTCE or the EXCPT at a proctored site off campus. Once you pass the certified pharmacy technician certification exam, you will hold a CPhTC recognized by the American Board of Pharmacy and become eligible to work in any state.

Why become a pharmacy technician? The field of pharmacy technician is growing at a fast rate and starting salaries range between \$29,584-\$36,598. With the pharmacy technician training program, you will develop the skills required to assume an entry-level position as a pharmacy technician and begin a career you love.

---

Come join us in reaching your academic goals by getting nationally certified as a Pharmacy Technician. Learn, grow, and network with us as you begin your journey.
